Document v. 07-18-19.1

Introduction to the Help Center

[Vision-e Connect](#) is dedicated to provide clients with enhancing their Customer Relationships all through the utilization of sales and support enablement solutions for Xerox® ConnectKey® enabled Multifunction Printers (MFP).

Did you know, according to [Consumer Reports](#), 57% of people had been so frustrated with phone customer services that they hung up without a resolution and 50% of people had stopped purchase when they encountered poor customer service?

With the Help Center, your Xerox® ConnectKey® enabled MFP can now resolve any build up frustrations towards the customer's device by accessing Sales/Billing Inquiries to even Submitting a Support Ticket with just a few taps of their MFP's display screen.

Here are four reasons your MFPs should be equipped with our Help Center's Premium Edition:

1. **Efficient Communication**. The Help Center app enables efficient communication critical in the early stages of a new business relationship to meet customer expectations and maintaining a long-term relationship.
2. **Good Branding**. Good branding elevates a business and builds recognition and loyalty. Promote your brand in both the Standard and Premium Edition with company logos, sales representative professional portraits, and executive photos.
3. **Advertising Engine**. The Premium Edition has an advertising engine to advertise all of your solutions and services. This can include upgrading the client's device, print management services, office supplies and any additional revenue drivers for your agency/firm.
4. **Large Volume of Premium Edition Professional Services**. We provide our Help Center customers with a large volume of Premium Edition professional services, such as hosting and maintaining your company brand, logo and personnel photos. We'll update and maintain your Help Center content as well as help design any marketing messages at your direction!

1.1 Install to your Multifunction Printer (MFP)

The Help Center app is available for all ConnectKey® enabled MFPs. Before you begin, please confirm your device meets this requirement.

If you do not know, we recommend you contact your agency and/or account representative.

As the app is hosted on Xerox's App Gallery, you will first need to create an account. To do so, please follow these steps:

Step 1

Visit the App Gallery by visiting <https://appgallery.services.xerox.com/#!/home/> and click on the top, right corner of your screen.

Step 2

Next, click on the **Log In** option and follow the appropriate instructions.

[Create Account](#)

S

Getting started

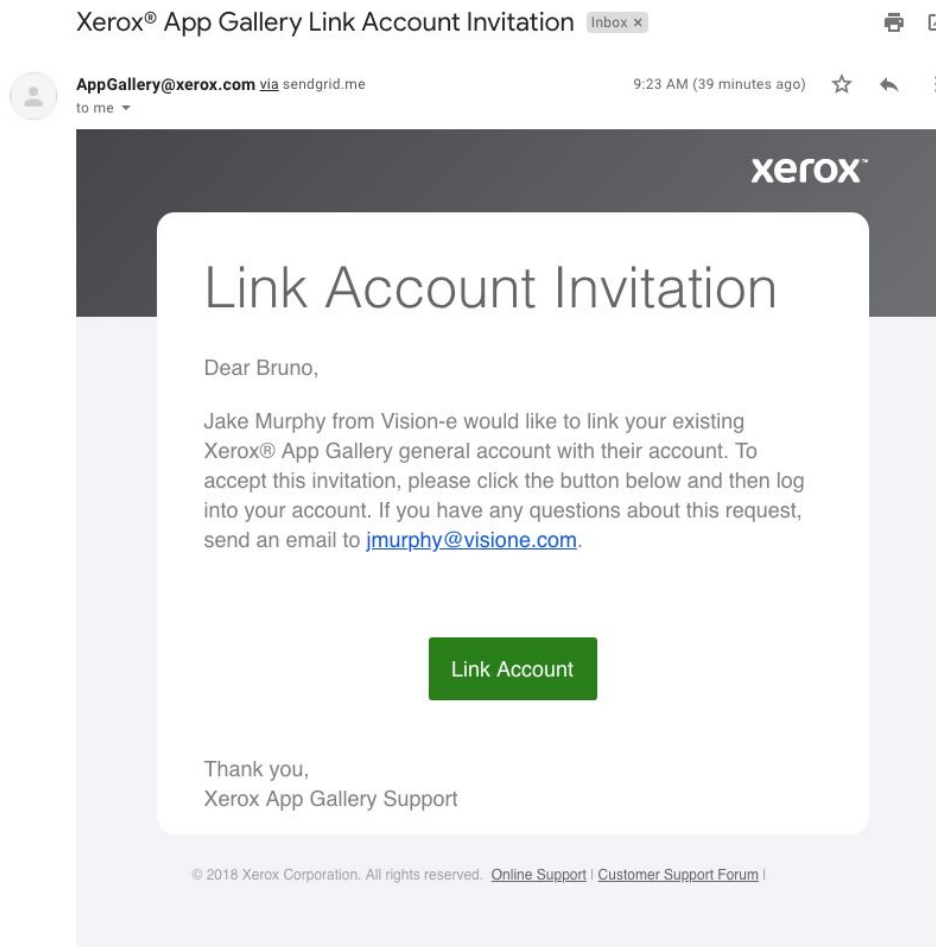

Once you've created your Account and are logged into the Xerox® App Gallery, you'll need access to Xerox's Channel Partner Gallery in order to search for the Help Center app.

Key: Search for *Vision* and you'll be able to view both the Billboard App and Help Center if you have access to Xerox's Channel Partner within the App Gallery.

If you do not have access to the Channel Partner Gallery, Vision-e will be able to invite you.

Getting started

To request access, contact your Vision-e Connect Representative. You will receive the *Link Account Invitation* email; make sure to click the [Link Account Invitation](#) button.

S

S

Next

Once you've clicked the button, you'll be directed back to the Xerox® App Gallery. For an immediate action, inform your Vision-e Connect Rep once this has occurred.

Next*

Your Representative will then submit a secondary email sharing the Help Center with you.

When this has been completed, you will be able to view the Help Center located under **My Apps** within your Xerox® App Gallery account.

1.2 Beginning your Trial

Once the application has been made available to your App Gallery, you can move forward with beginning your Free 7-Day Trial or your immediate purchase.

Next

If you wish to begin your Trial, click **Get My Trial**. Once your trial has expired, you will be notified on your Xerox® MFPs display for next steps to upgrade.
